

MAINFIRST: Internship - Equity Research Analyst

Who we are

MAINFIRST Group is an independent European financial services firm, specialising in equity brokerage, equity capital markets and asset management. Our locations are Frankfurt, London, Luxembourg, Milan, Munich, New York, Paris and Zurich. We are successful thanks to the high level of competence, integrity and dedication of our more than 180 employees, who are very clearly aligned with the mission to consistently provide superior returns for our customers.

In equity brokerage we cover approximately 250 European companies and support European and international institutional investors. In asset management, we actively manage equities, fixed income and multi-asset portfolios.

What we offer

- Twelve-month internship for students or recent graduates in our Zurich office (starting 1st Oct or 1st Nov)
- Possibility to start as a full time junior analyst in the case of the successful completion of the internship program
- A dynamic and rewarding work environment
- Experienced senior analysts as mentors
- Insight into equity brokerage
- Exposure to various sectors within our coverage universe
- Opportunity to participate in projects across departments

What we are looking for

- Completed university degree (Bachelor or Master) in Finance/Accounting
- Keen interest in financial markets (particularly in equities)
- Strong quantitative and analytical skills
- Sound knowledge of financial modelling and company valuation techniques
- In-depth knowledge of MS Office programmes (in particular Excel and Power Point)
- Diligence and close attention to detail
- Work experience in an equity research capacity preferred
- Team player
- Excellent oral and written command of English and German
