Networking Event – Careers in Asset Management

Do you want to get to know one of the leading global asset management firms and gain personal insights in the industry?

Register now for **dinner and drinks** to get to know PIMCO and get a head start to attend our PIMCO Prep Day, an open day at our Munich office in October, where we will offer select candidates the unique opportunity to meet senior leadership of the firm, speak to specialists from various departments and get a tour of our trade floor.

We want to offer you, finance interested female students, a unique opportunity to get to know one of the largest fixed income managers worldwide. Meet our company representatives in an exclusive setting and learn more about the asset management industry and PIMCO's career opportunities first hand. This small scale event will also provide you with a great opportunity to network with PIMCO employees, ask any specific questions you have and to seek personal career advice.

PIMCO is one of the world's premier fixed income investment managers with more than 2,200 professionals around the world united in a single purpose: creating opportunities for our clients in every environment. Since 1971, we have brought innovation and expertise to our partnership with the institutions, financial advisors and millions of individual investors who entrust us with their assets. We aspire to cultivate performance and leadership through empowering our people, diversity of thought, and a commitment to an inclusive culture that engages in our global communities.

We look forward to meeting you.

Date

Thursday, 20th September 2018
